IOWA COUNTY LAND CONSERVATION DEPARTMENT

AGENDA NOTES

WLI Update FYI

DATCP will be sending out a form letter to FPP participants (see enclosed). 251 Farm visits are planned for this year to review compliance issues (see enclosed). This is a big job and NMP will be the critical item.

PL-566 Dam Update FYI

Inspections are current, the Highway Department will mow 6 this season, and regular maintenance is being done. Minor repairs are requested for Norwegian Hollow and Trout Creek. Also, a tour of Black Hawk Lake, Birch Lake and other structures was done from Curt Kephart, Administrator.

LCD Space Issues FYI/Action

What will be the future location of the Land Conservation Department? With the new building and space leasing available in the courthouse and with the USDA lease coming up soon some issues are:

- Will the LCD be part of USDA lease (next 5 years)?
- Will the County bid for USDA lease?
- Will the County rent space out in the Courthouse and pay LCD rent in USDA office?

"Co-location" for staff and operation efficiency (shared files), interagency assistance, program delivery, and customer service are all very important factors to consider. Also there needs to be proactive planning on this issue as we start to work on the LCD Budget.

LCC Conservation Awards Action

See enclosed matrix of past winners and 2010 nominations. There are five categories for awards and the presentation will be done at Farmers Appreciation Day July 11th.

Green Sheet Review [FYI](#)

See enclosed Green Sheet newsletter. This is an item included for the education benefits of the new members.
