

**RESOLUTION IN SUPPORT OF CONSTRUCTING  
A PAVED RUNWAY AT THE IOWA COUNTY AIRPORT**

**WHEREAS**, two construction projects for the improvement of the Iowa County Airport runway have been considered by the Committee on Transportation;

**WHEREAS**, the Iowa County Committee on Transportation has received correspondence from the Wisconsin Department of Transportation requesting Iowa County indicate which construction project the County desires to pursue;

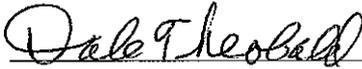

**WHEREAS**, The Iowa County Committee on Transportation originally supported the construction of a paved 11/29 alignment, 4500 foot runway but suspended the project in favor of constructing a turf runway on an 11/29 alignment based upon Lands' End withdrawal of support in the original project;

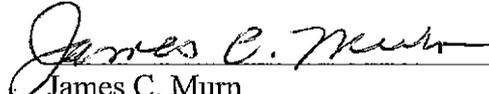

**WHEREAS**, The Wisconsin Department of Transportation has advised the Iowa County Committee on Transportation that in December 1998 Lands' End went on record in full support of a paved 11/29 alignment, 4500 foot runway;

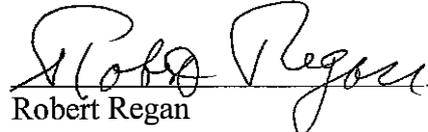

**WHEREAS**, The Iowa County Committee on Transportation with the full support of Lands' End recommends construction of a paved 11/29 alignment, 4500 foot runway;

**NOW, THEREFORE, BE IT RESOLVED BY THE IOWA COUNTY BOARD OF SUPERVISORS** that Iowa County supports construction of a paved 11/29 alignment, 4500 foot runway at the Iowa County Airport and hereby further advises the Wisconsin Department of Transportation that Iowa County's share of the project costs will be available in the year 2000.

Respectfully submitted by the Committee on Transportation, Dale Theobald, Chairman.

  
Dale Theobald, Chairman
