

Whereas, it is recognized that the cost of creation and distribution of land records mapping data should be borne by the requester as a user fee;

Whereas, it is acknowledged that user fees should be just and fair;

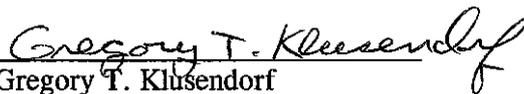

Whereas, it has been determined that there should be a written policy that explains the process and fees associated with the distribution of land records mapping data;

Now Therefore Be It Resolved that the Iowa County Board of Supervisors do hereby adopt this resolution recognizing the attached Iowa County Office of Planning & Development Distribution Policy proposed by the Iowa Count Zoning, Planning, Sanitation and Rural Planning Commission.

Adopted this 17th day of September, 2002
