

**Resolution Number 2-0905**

Resolution to change the current inspection and oversize/overweight fees

Whereas, the access permit and inspection fees should be combined and the amount charged changed.

Whereas, the oversize/overweight fees should be increased.

Whereas, this will accommodate the increasing price of labor, fuel etc...

Whereas, this will prevent overcharging in these categories or also duplicate charging in which a refund has to be issued.

Therefore Be It Resolved by the Iowa County Board of Supervisors that it would be in the best interest of the Iowa County Highway Department to eliminate the application fee of \$25.00, increase the agricultural and single family inspection fees to \$150.00, to decrease the multi-family and commercial inspections fees to \$300.00, and to increase the oversize fee to \$50.00.

Respectfully submitted by the Transportation Committee:

Dale T. Heobald

Ken Wundelich

Laverne Clifton
