

Resolution No. 2-1105

Whereas, the Iowa County Office of Planning and Development is charged with administering several land use-related programs, most of which are mandated by the state;

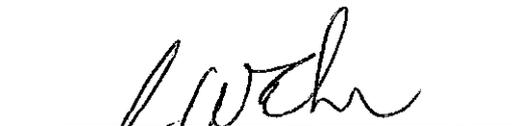

Whereas, the administration of these programs come at a cost that has traditionally been partially born by the program users through filing and permit fees;

Whereas, many of these filing and permit fees have not been adjusted in several years despite the increasing cost of administering the programs;

Whereas, the Iowa County Finance, Bonds, Insurance and Tax Claims Committee has recommended that additional revenues be budgeted for in the 2006 budget;

Whereas, the primary form of revenue for the Office is the collection of filing and permit fees;

Now Therefore Be It Resolved, that the undersigned members of the Iowa County Zoning, Planning, Sanitation and Rural Planning Commission recommend the adjusted permit and filing fees as attached (see attachment A) be approved by the Iowa County Board of Supervisors and effective on January 1, 2006.

Bill Ehr, Chair

Curt Peterson, Vice Chair
