

**Resolution No. 7-0610**

**WHEREAS**, Section 2.3(1)(a) of the Iowa County Zoning Ordinance specifically provides for portable agricultural structures as follows:

In the Agricultural Districts, portable nonresidential agricultural structures designed and intended for the sheltering of animal livestock with a maximum size of 300 square feet require a zoning permit to be located on a property, however may be moved to other locations on the same property without need to seek a subsequent permit, provided:

- 1) The structure is not altered or structurally modified.
- 2) The structure is not placed within a floodplain, shoreland area, wetland area or within a yard or street setback.
- 3) The structure is not enlarged or its use changed;

**WHEREAS**, the current permit fee for said structures is as follows

Non-residential structures:        \$100.00 plus \$.10 per square foot of footprint rounded to nearest  
100 square feet;

**WHEREAS**, a recent request to waive permit fees for said structure was considered by the Economic Development, Extension and Property Committee on June 2, 2010 and it was determined that there should be a minimal fee to help offset the cost of administration of the permitting process;

**NOW THEREFORE BE IT RESOLVED**, that the Iowa County Economic Development, Extension and Property Committee hereby recommends that the Iowa County Board of Supervisors establishes the permit fee for structures described in Section 2.3(1)(a) to be \$30.00.

Adopted this 15th day of June, 2010.

Respectfully submitted,

ECONOMIC DEVELOPMENT, EXTENSION AND PROPERTY COMMITTEE
