

*Tabled to April Meeting*

**Resolution No. 2-0311**

**Objecting to the 2011 Budget Repair Bill Medical Assistance Program Changes**

**WHEREAS**, on February 15, 2011 Wisconsin Governor Scott Walker introduced a 2011 Budget Repair Bill.

**WHEREAS**, as part of the Budget Repair Bill the Governor is recommending that the legislative change process in regards to Medical Assistance be modified.

**WHEREAS**, said modification would vest the authority to make changes to the program into the Department of Health Services Secretary and the Joint Finance Committee and away from the full legislative body.

**WHEREAS**, Iowa County residents will continue to be reliant on the programs and services currently offered as benefits within the MA structure.

**NOW, THEREFORE, BE IT RESOLVED** that the Iowa County Board of Supervisors objects to the 2011 Budget Repair Bill recommendation of Medical Assistance program change being empowered to the Department of Health Services Secretary and the Joint Finance Committee as opposed to the full legislative body.

Respectfully submitted by the Iowa County Health and Human Services Committee.
