To WDMP/WGLR/WEKZ/Dodgeville Chronicle/Shopping News:

A Public Information Notice for immediate release to the general public from the Iowa County Highway Department:

By order of the Iowa County Highway Department; the County Trunk Highway E bridge east of rural Mifflin over the Pecatonica River crossing in the Town of Mifflin remains closed to all traffic. The Highway Department in conjunction with H James Construction, Wisconsin Department of Transportation, and Team Engineering will be removing and replacing the existing bridge along with 0.3 miles of approaches within Mifflin. This section of CTH E between CTH G (to Rewey) and the Pecatonica River crossing will be closed to all through traffic until completion of the bridge portion of the project. The project completion schedule has recently been revised due to delays with the bridge construction portion of the project. At this time it is anticipated the project will re-open to normal traffic during the week of November 14th to the 18th. If you have any questions with regards to the project, please contact the project engineer at the construction field office Jeremy Krachey at 608-988-7059 or the Highway Department offices at 608-935-3381.

Respectfully Submitted,

Craig E Hardy, PE-RLS
Iowa County Highway Commissioner
