## **SCOPE OF WORK.**

**Contract 1 Asphalt Pavement Recycling: CTH K (Mounds Park Road – Knight Hollow Road), Town of Arena/Brigham; +/-5.00 miles.** The work under this contract shall consist of recycling alternates to include:

**Alternate #1** - pulverizing the existing base, existing surface, injecting a Base One or equivalent base stabilizer, any incidental items necessary to complete the cold-in-place recycling, Contractor shall provide all mixing of materials, County shall provide rough grade shaping and rolling materials back to a normal crown or existing cross slope for CTH K or;

**Alternate #2** - Hot-in-place recycling of the existing asphalt pavement by heating existing surface, scarifying heated materials to a depth of 1-1/2 to 2 inches, injecting additional rejuvenating oil, shaping and rolling materials back to a normal crown or existing cross slope of CTH K; all estimated as 70,400 SY. The alternate bid #1 will include supplying the Iowa County Highway Department with the use of a 25-ton sheep's-foot or pneumatic roller for the period of use extending until the compaction of the pulverized material meets County approval. Alternate #2 shall include contractor rolling of heated and rejuvenated material behind the screed.

**Contract 2 Hotmix Asphalt Purchase: CTH K (Mounds Park Road – Knight Hollow Road), Town of Arena/Brigham; +/-5.0 miles.** The work under this contract shall consist of supplying the Iowa County Highway Department with Hot Mix Asphalt Pavement, 19.0 mm; Type 3 MT 58-34 H for the 2017 County Highway Improvement Project, to include providing mix design and maintaining a quality control program for an estimated 12,750 Tons.

The Iowa County Highway Department will attempt to utilize the lowest bid when obtaining product, however the Department reserves the right to obtain product from the most advantageous vendor/plant location. In making this determination, the Department will consider availability of product and proximity of vendor to project to minimize hauling costs and/or assure the product quality is not compromised by excessive hauling times.

Respectfully Submitted,
