1 A meeting was not called but the informational discussion/session was opened by the NH Coll. Comm. Chr Carol Anderson at 2:30 p.m.

Others Present: Co. Adm. Larry Bierke. Bloomfield Committee Chr. John Jinkins ,Co. Employee Relations Director Allison Leitzinger
Also present : About twenty five Bloomfield Employees

3 A power point was provided to show/explain what the Collaboration Committee had done and was attempting to accomplish in a proposed merger with Upland Hills. It was acknowledged that the merger consideration/efforts are in the very preliminary stage because few details have been established let along resolved. The employees were encouraged to ask questions and/or express thoughts/opinions and a few did so. Committee members addressed and made comments about the power point items. Printed copies of the power point were available for anyone who wanted one. Due to the complexity of this issue it needs to be realized that working out the details to provide the best possible results for the intended benefit of everyone involved will be a task that will continue to require the dedicated effort of many. The session lasted about an hour and one half. The employees were thanked for taking time to attend and the Committee offered that more information would be provided when it was available.

4 No action was taken on anything and there was no formal adjournment. This informal report is filed only for the record to show that there is an interest to respect the concern of the employees and to seek the best possible solution to a complex issue even though at this time the details available are limited.
